**MEMORANDUM FOR:** Director of Administration, DPS/DCI

**SUBJECT** : Compartmentation in Operations Center

**REFERENCE** : Memorandum for SA/PD/DCI, dated 25 June 1958,  
Same Subject (COR-0066)

1. I would like to discuss the above subject with you in due time. My present feeling is that we should not try to have a CORONA Operations Center separate from our CHALICE Operations Center. For the present, I would think we could get by if we were able to give [REDACTED] a desk not in the Control Room and make clear to him that on occasion we will have activities in the Control Room in which his participation would not be appropriate. Later in the year this may become difficult. I am inclined in the direction of cutting him in and one or two of his superiors rather than go in for elaborate compartmentation.

2. Certainly we should give this matter careful consideration when we make plans for the acquisition and layout of additional office space.
